Steve,

My understanding is that Mark Hartman wrote to you Friday that we could meet with you and to work with Madison Le to get the meeting scheduled. The meeting will be docketed.

I'm sure we'll get a time for next week.

Subject: meeting to discuss TCE risk evaluation

Asst. Administrator Dunn –

We have been frustrated by the lack of response to our request to meet with OPPT staff to discuss the SACC report on the draft TCE risk evaluation. As you may be aware, the SACC made a few pointed recommendations on necessary changes to the evaluation – as it applies to consideration of fetal cardiac defects. While we recognize that the comment period is closed – we would like to share our perspective on the Committee's recommendations.

Given the lack of progress in scheduling a meeting, we thought it best to reach out directly to you. I left a message for Derrick this morning, but also wanted to follow up by email.

I look forward to hearing from your office.

Steve
